

For each problem:

- Copy the original question onto your homework page that you will turn in
- Follow Polya's four steps for problem solving listed on Page 4 of your text
- State the problem solving strategy that you used (Draw a Picture, Guess and Test, or Use a Variable)
- Write your answer in a complete sentence and circle this sentence

Pages 10 – 14, Exercises 2 – 26 Even and 40, 45
