(HOMEWORK)

Homework is broken into two categories:

- i. Online homework, and
- ii. Written homework

Online homework

- Online homework will be assigned every class day, and due the very next class day.
- Assignments are designed to be based on that day of lecture
- Used as a learning guide (“help me solve this” and “view example” will be enabled)
- Worth 15% of overall grade
- Online homework grades itself based on accuracy (though, you’ll have unlimited attempts at all problems)
- Late homework accepted for half-credit

Written homework

- Written homework will be assigned every Monday, and be due the following Monday.
- The written assignment will span the chapter sections I plan on covering in that week (around 2 to 4 chapters worth of content)
- Worth 15% of overall grade
- Graded on two categories:
 - Completeness: 8 points (did you do the whole assignment?)
 - Correctness: 12 points (did you do a select amount of questions correctly?)
- Late homework will be accepted but only awarded completeness points

There is a certain level of organization that I expect from all of you for each written homework assignment. To be perfectly clear, the following style is required (not simply suggested) for written solutions:

- **Your handwriting must be completely legible**
- In the upper-right corner of each homework assignment, please write
 - Your name
 - Course section time or name (math 95 / 8:00AM)
 - Section number (ex: section 8.1)
- The title of your assignment should be the page # and problems that you will complete
- Each problem is ordered numerically, and each solution is bordered with a circle or box.

If the above is not met, you will see reduction in completeness points. Or, if it’s really unorganized, I may have you redo the assignment.

(QUIZZES)

My goal this term is to give quizzes every Friday of non-exam weeks at the end of class. These quizzes, while part of your grade, are in place to help you prepare for upcoming chapter exams, and also help me get a sense for how the class is performing as a whole. They will be given roughly 10-15 minutes before class ends. Each quiz will have anywhere from 2 to 4 questions based around your assignments for that week.
