

Part A – Physiography and Precipitation Maps of Oregon

Activity 1: Physiographic Provinces of Oregon

Oregon is divided into several physiographic zones (I through VIII, with subzones) based on topography (landscape configuration), bedrock geology, and climate. These physiographic zones are listed (in alphabetic order) on page 7.4, with the map labeled Activity 1: Physiographic Provinces of Oregon. Using the map and the list, fill in the table below by matching the geography to the listed province. Work in groups.
