Hi Steve,

Funny you should inquire about this as I was working on this database today. I might send you an abstract or methodology for your review next week.

Numbers should be cu. m.per ha. Numbers I have are:

HS042 01 2007 0.18

HS042 02 2007 0.09

HS042 03 2007 0.064

HS042 10 2007 0.148
