ES473 SPRING 2021 CLASS SCHEDULE: This outline should be considered tentative at best. The following schedule may be modified as the class framework evolves throughout the term. Note 1: Given the Public Health Emergency, large measures of patience and flexibility will be required by the team. The Professor will guide you through and give plenty of instructions on how and when to complete your work, with plenty of time to submit your work. Note 2: Readings listed as "Keller" refers to the Environmental Geology textbook chapters available on the Moodle site.

March 28, 2021)

Week	<u>Dates</u>	Class Content	Class Exercises	Readings	
1	Mar. 29-Apr. 4 <mark>No Virtual Cl</mark>	Class Policies, Team Building ass Meeting Week 1	Pre-Game Diagnostic Skills Assessment	Instructor Resources
