

## **Instructions and Organization of Mid-Term Lab Exercise Portfolio Oceanography Fall 2004**

Neatly organize all of your lab work in a binder or other folder. Clearly include your name on all work. **DO NOT PLACE LAB SHEETS IN INDIVIDUAL PLASTIC SLIP COVERS, THIS MAKES THEM VERY DIFFICULT TO GRADE AND MARK UP!**

Organize your lab work in the following order of appearance:

- (1) In-Class Exercise – Introduction to Scientific Inquiry and Data Analysis
- (2) In-Class Example Contouring/Bathymetry Exercise
- (3) Introductory Video Exercise ("Understanding Oceans")
- (4) Global Ocean Geography Exercise
- (5) In-Class Intro to Chemistry Exercise
- (6) Lab 1 – Bathymetry of Seafloor
- (7) Lab 2 – marine charts
- (8) Lab 3 – Seafloor spreading / tectonics
- (9) Lab 4 – Geography of the Oceans
- (10) Lab 5 – Materials of the Seafloor
