Did you miss the Moodle community's first MOOC?

The developers of Moodle, our primary learning management system here on campus, offered a free MOOC (Massive Open Online Course) to people around the world this fall. This course introduced the basics of navigating Moodle 2.5 as a teacher. If you were interested in joining them but didn't have time to check it out last month, you can access the archived course materials until January 2014 by visiting <http://learn.moodle.net>

You can also check out the official Moodle YouTube channel at <http://www.youtube.com/user/moodlehq?feature=watch>

We will be upgrading our own Moodle site to version 2.5 later this year. If you have questions about using Moodle here at WOU, be sure to contact the Moodle Support Team at moodle@wou.edu and we'll be happy to help!

Best,

Elayne
