Happy Halloween from the Moodle Support Team!

Some important Moodle headlines for faculty this fall:

1. We will be updating our installation of Moodle this winter.

What this means: WOU Online will be getting a bit of a facelift and you'll also notice some new features and improvements to performance. Your current course information will be transferred seamlessly. You will **not** need to move your courses to a new site like our previous upgrade. However, please be aware that there will be a few days of server downtime in late December while we get things ready for Winter Term. Future announcements will include dates and details.

2. Old Moodle will be going offline in 2014.

What this means: Old Moodle (oldmoodle.wou.edu) is the archive of our previous tan-and-white Moodle site. If you still have course materials in this site that you have not yet moved over, it's a good idea to make a backup and/or move your courses soon.

Please don't hesitate to let us know if you have any questions. And have a happy and safe Halloween, everyone!

Moodle Support Team

503-838-9300

As Moodle's popularity has grown, so has the need for additional support. Students, staff, and faculty can now contact the Moodle Support Team via email at moodle@mail.wou.edu or by calling us on our new dedicated help line (503-838-9300). The appropriate person will be happy to assist you with your questions, problems, or training requests.
