## Master of Arts in Criminal Justice

The primary mission of the Master of Arts in Criminal Justice at WOU is to provide students with an academic foundation for managerial and other advanced professional roles in the field of criminal justice. The program is also designed to prepare individuals to teach at the community college level or to prepare those interested in furthering their education at the doctoral level.

The graduate program is designed specifically for individuals currently working in the field of criminal justice and its ancillary professions, although well qualified non-practitioners are welcome.
