

Red is the color
of **domination**
and **rebellion**.

Ernst Jünger

I was walking along a road one evening
— on one side lay the city, and below me was
the fjord. The sun went down — the clouds
were stained red, as if with blood. I **felt as
though the whole of nature was
screaming** — it seemed as though I could
hear a scream. I painted that picture, painting
the clouds like real blood. The colors screamed.

Edward Munch

Red "rings" inwardly with a **determined** and
powerful intensity. It glows in itself, maturely,
and does not distribute its vigor aimlessly.

Vassily Kandinsky

Red is the
ultimate
cure for
sadness.

Bill Blass

Color!
What a deep
and mysterious
language, the
language of
dreams.

Paul Gauguin

Color is my
day-long
obsession,
joy and
torment.
